

THE TB STIGMA MEASUREMENT CHALLENGE

Expert Consultation
May 17-18th, 2016

Measurement People

A small technical expert meeting at KNCV to debate and formulate strategies to address the TB stigma measurement challenges for anticipated, internalized, enacted stigma.

Objectives

1. We will define a TB stigma measurement research agenda
2. Make concrete recommendations on how to improve existing measurement tools
3. Identify how and where to pilot revised tools.

Day 1: Tuesday, May 17th

Time	Q	Who	Duration
9:00	Welcome & Introductions- Who are we around this table?	Ellen Mitchell	15 min
9:15	A story of TB stigma: controversies, debates and challenges	Kate Macintyre	25 min R: Susan B.
9:40	The Quest for Quantification of Stigma - Why the need to focus on Stigma measurement now?	Ernesto Jaramillo WHO	20 min R: Lisa
10:00	Building Stigma Indicators- What do we want to measure? Development of a guidance document	Charlotte Colvin/USAID Susan Bergson/KNCV	15 min R: Christina
10:15	Discussion	Kate Macintyre	30 min R: Millie
10:45	Tea		
Unpacking TB Stigma using Scales and Surveys			
11:00	Overview of the TB stigma scale landscape: What do the validation studies tell us about the utility of TB stigma scales?	Aaron Kipp U. Vanderbilt	25 min R: Ellen
11:25	Does privacy imply Stigma?: Is hypothetical willingness to disclosure TB disease a valid proxy for anticipated TB stigma in the general population?	Ellen Mitchell Charlotte Colvin	15 min R: Christina
11:40	Validation of a TB stigma scale for health care workers in South Africa- Capturing the duality of HCW in South Africa	Edwin Wouters U. Antwerp	20 min R: Nina
12:00	Small Group Exercise to define/refine domains of stigma for measurement for 3 target audiences – patients, general population, HCW	Ellen Mitchell (KNCV)	45 min R:
12:45	Lunch		60 min

13:45	Walking in the woods in small groups to discuss methodologies for: <ul style="list-style-type: none"> • Measurement in HCW • Measurement in PATIENTS • Measurement in GENERAL POPULATION • Measurement in POLICY AND STRUCTURAL LEVEL 	Anne Stangl (HCW) Jeremiah Chikovore (pts) Annelies van Rie (gen.pop) Kate Macintyre (policy & structure)	75 min HCW: Lisa PT: Nina POP: Millie POL: Susan B.
15:00	Gallery Walk – Maps, Plots, Data	Mirjam Bakker (KIT)	10 min R: SusanB
15:10	The socio-demographic correlates of TB disease disclosure attitudes in the general population? Data from 17 countries.	Ente Rood (KIT)	20 min R: Lisa
15:30	Tea		
15:45	How do the rise of multi-drug resistance and HIV shape current constructions of TB stigma and how does this impact our stigma measurement challenge?	Amrita Daftary U. Toronto/ ICAP	20 min R: Millie
16:30	Discussion: What does this mean for measurement generally?	Kate Macintyre	30 min R: Ellen

Day 1: Tuesday, May 17th

Time	Q	Who	Duration
Methods for Different TB Stigma Landscape			
9:00	Results of Yesterday's Walking Methodology Talks	Group presentations	60 min
Untangling the Correlates of TB Stigma			
10:00	Are TB stigmas compound stigmas? Ecological analysis How do TB disease disclosure attitudes relate to stigmas of poverty, incarceration, substance use, and HIV across 39 country surveys?	Ente Rood (KIT)	20 min
10:20	Discussion: How do we deal analytically with compound stigma?	Facilitator: Anne Stangl ICRW	25 min
10:45	Tea		15 min
11:00	Research Break out Braintorm groups - Session 1 What are the burning TB STIGMA measurement issues? <ul style="list-style-type: none"> • Quantitative • Qualitative 	Qn: Annelies van Rie Ql: Amrita Daftary	60 min
12:00	Lunch		60 min
13:00	Challenges of capturing Stigma Dynamics in a Health Care Facility – Attribution and Observed Social Distancing	Mirjam Bakker/KIT	20 min
13:20	Methodology Breakout - Session 2 <ul style="list-style-type: none"> • Measurement in HCW • Measurement in PATIENTS • Measurement in GENERAL POPULATION • Measurement in POLICY AND STRUCTURAL LEVEL 	Anne Stangl(HCW) Jeremiah Chikovore (pts) Annelies van Rie (gen.pop) Kate Macintyre (policy & structure)	75 min HCW: Lisa PT: Nina POP: Millie POL: Susan
14:45	Tea		
15:00	Recommendations for measurement in 4 groups (10 min present, 5 min discuss)	Kate Macintyre	60 min
16:00	Group Report Back on Research Agenda (10 min present, 5 min discuss)	Kate Macintyre	30 min

16:30	Next steps in Developing a TB Stigma Research Agenda	Kate Macintyre	15 min
16:45	Next steps in developing a measurement guidance document and publishing papers	Kate Macintyre	15 min
